

INFORMATION REQUEST FORM

The engineers at **LOADTEST** are ready to assist you. We can help with the design, installation and testing components for a successful load testing program. **LOADTEST** provides complete testing services specializing in **Osterberg Cell** testing, automated top-down static testing, Cross Hole Sonic Logging (CSL), lateral testing and pile calipering. Please call us anytime and we will quickly determine how we may best assist you.

Should you require additional information regarding **OSTERBERG CELL** technology and testing services, please visit us at www.loadtest.com and please use the "CONTACT" icon on the menu bar.

Requested:

- We are currently planning/bidding a load test, please call
- We are planning/specifying a load test in next 6 months
- Sample **O-Cell** Testing Guide Specifications
- Bibliography of **Osterberg Cell** References
- **Osterberg Load Test** Case Histories
- Summary of Select Completed **Osterberg Cell** Tests
- "Value Engineering - A Great Concept. Why Isn't it Used More Frequently?" - *J. Osterberg*
- "Interpreting Strain Gage Measurements from Load Tests in Bored Piles." - *J. Hayes, T. Simmonds*
- Color Brochure - "Bi-Directional **Osterberg Cell** Load Testing"
- Please add my name to mailing list
- Other _____

Your Information:

Name: _____
Title: _____
Company: _____
Address: _____
